NEW HORIZONS IN THE ATLANTIC – soon, early- or recent retirees

25 July - 1 August 2026

Objective: You have the desire to pause in a different way and spend time with other guests in the same situation in stimulating, yet informal surroundings. You would like to take the opportunity to let nature experiences positively touch you and during daily 'impulses' address topics of common concern – such as what it means to be retired: to bid farewell to your career, honor the professional journey with gratitude, to make sense of the new chapter of your book of life, you define what continues to excite and motivate you, which interests are now in the foreground, and explore steps how your life story might continue – holistically...

This is an opportunity to spend a week with others in a meaningful environment where the beauty of nature is omnipresent and the power of the earth is tangible, to share and have revitalizing and renewing experiences.

You are encouraged to get involved during the daily 'impulses' as food for thought, to contribute and engage – in addition to your mind also to open your heart and soul to further broaden your horizons... to 'see' with the heart as Antoine de Saint-Exupéry put it in *Le Petit Prince*.

Be inspired by these uplifting, renewing and meaningful experiences with significance – in simplicity in a hidden gem, in an authentic, non-ordinary environment in the middle of the Atlantic Ocean. Testimonials can be found on our website.

It is important to clearly define your ideas so that a tailor-made weekly plan can be compiled and agreed upon in advance.
